

NRENs educational technologies workshop

European NREN mapping results

Gyöngyi Horváth (GÉANT), Dragana Kupres (CARNET)
research assistant Lana Lučin (CARNET)

TNC19, Tallinn, Estonia, 17 June 2019

www.geant.org

Objective of the survey

- Create an overview of NRENs educational activities and services
- Identify common goals to work together
- Identify common challenges
- Create a global vision and strategy
- Put in place a working group to drive these efforts

Educational services & activities of NRENs

Additional activities and services beyond connectivity (fiber, network, wifi) to support educational institutions with their technological evolution: innovation challenges and opportunities.

Targeting:

- Teaching & learning communities
- Educational institutions

NREN responses

NRENs provide educational services beyond connectivity

Educational services

Digital Learning Environment

Logistical Support for education

Online, blended and remote delivery of education

Providing e-Content

Learning Analytics

Educational staff training

Open badges, digital credentialling

Transnational education

Inhouse built tools by your NREN for digital learning

Digital assessment and testing

Levels of development of educational services in all NRENs

Number of services that each NREN provides

Educational service levels

Initiative level

Informal joint exploration of an idea by an expert group. In most cases there is some investment to explore this initiative further, supporting the NREN's participation in this initiative.

Project level

Formal joint follow up of an initiative with a project owner and a budget.

Service level

An integrated service implemented by the NREN.

	Digital learning environment	Logistical support for education	Online, blended and remote delivery of education in the home NREN country	Providing e-Content	Learning analytics	Digital assessment and testing	Educational staff skills training	Open badges, digital credentialing	Transnational education (delivery of your national education overseas)	Inhouse built tools by your NREN for digital learning

Yes - Service level

Educational services per NREN and their levels

■ Digital learning environment

■ Online, blended and remote delivery of education in the home NREN country

■ Learning analytics

■ Educational staff skills training

■ Transnational education (delivery of your national education overseas)

■ Logistical support for education

■ Providing e-Content

■ Digital assessment and testing

■ Open badges, digital credentialing

■ Inhouse built tools by your NREN for digital learning

Digital learning environment

Online, blended and remote delivery of education in the home NREN country

Providing e-Content

Open badges, digital credentialing

Learning analytics

Future cooperation

- Interested to learn what the other NRENs offer as additional services to educational institution.
- Interested to join in a future special interest group.
- Interested in cooperation - Open content / open educational resources (OER)
- Interested in cooperation eduid
- Interested in a joint Procurement

19 NRENs

Interested in a joint procurement (Learning Management System, Learning Analytics, Digital Learning Environment, Publishers..etc)

Would your NREN be interested to work together in the area: Open content / open educational resources (OER)

22 NRENs

Would your NREN be interested to work together in the area eduid

19 NRENs

■ Yes - interested in a joint activity

■ Yes - interested in knowledge sharing

34 NRENs
