

# Trust & Identity Incubator Status notifications activity

**Mihály Héder**

Sprint Demo, 2020-02-03

Public

[www.geant.org](http://www.geant.org)

## Overview

- Several tools reporting the status of the eduGAIN metadata:
  - Quality of the metadata (contacts, urls, etc)
  - Connection status of SPs and IdPs
  - Entity categories
  - Attribute checks (live interaction)
- Current tools (mostly relying on the eduGAIN metadata itself)
  - CoCo monitor
  - ECCS ( eduGAIN Connectivity Check Service)
- Status intake is considered lackluster:
  - Data is not always readily available
  - Somewhat tedious to “sift” through the data
  - Irregular checks
- No automated notifications

Show SPs with status: green white yellow red Show all records

entityID	registrationAuthority	DisplayName	First seen	Last seen	CoCo found	Status	Comment	PrivacyStatementURL	Status code	Status text	Con typ
SP data					Last test results

# Proposed work

- Process the data
  - Identify and extract the current issues, per entity, per federation
  - Propose solutions for identified issues (if possible)
  - Presentation of the data
- Create a notification system:
  - Emails, tickets, etc?
  - Automated notification

# Example of the infographic

- Data per entity
  - E.g. missing contacts, urls
- Data per federation
  - Sirtfi, CoCo, etc.
- General overview

## Achievements

- Identify stakeholders, hold initial discussions
  - One more meeting to be scheduled
- Input collected:
  - Be nice
  - Involve federation operators
  - Stick with the “official” data (eduGAIN db)
  - Separation of monitoring (including notification) and visualization

## Status and next steps

### ☑ Done:

- Identify stakeholders
- Identify source of data
- Architecture proposal
- [https://docs.google.com/document/d/1\\_CPAWQFJivYi48GubBPmuYOIKcio6-VH2fkgFyo0cxw/edit](https://docs.google.com/document/d/1_CPAWQFJivYi48GubBPmuYOIKcio6-VH2fkgFyo0cxw/edit)

## Status and next steps

### □ Next:

- Finish interviews (maybe tomorrow)
- Start implementation (starts around now)

### ☐ Blocker:

- None (so far)

# Thank you

Any questions?
