# The missing bit: usage

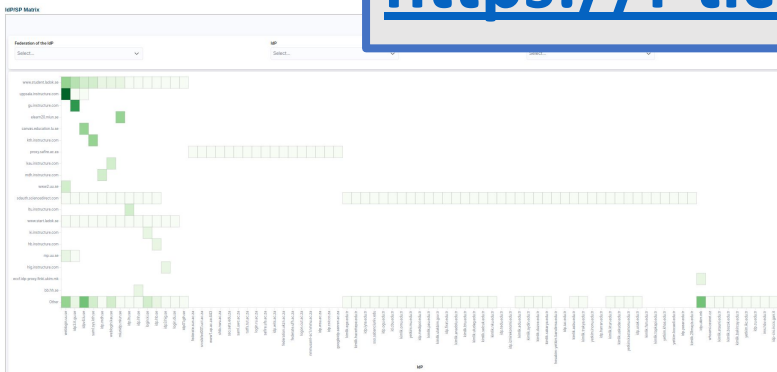

## List of participants

Currently F-ticks are collected from selected IdPs from the following federations:

Code	Name	Country
AAI-EDUHR	AAI@EduHr	Croatia
		Macedonia
		Czech Republic
IDEM	IDEM	Italy
SAFIRE	SAFIRE	South Africa
SWAMID	SWAMID	Sweden
YETKIM	YETKİM	Turkey

## eduGAIN Technical Site

- Code cleanup and major rewrite
- Federation links check
- CoCoV2 support (and Sirtfi V2 soon)

## eduGAIN Support

- Quiet period, no big issues
- The team will start providing support for assurance usage in eduGAIN on selected use cases in collaboration with REFEDS RAF WG

## eduGAIN Security

- Moving out from eduGAIN Wiki: created a readthedocs/sphinx repository to host documents produced by the eduGAIN Security Team.

The screenshot shows the 'eduGAIN Reporting' dashboard. At the top left is the 'eduGAIN Reporting' logo. The main heading is 'eduGAIN Reporting'. Below it are four main sections, each with an icon and a title:

- Statistics Overview**: Icon of a clipboard with a pie chart and bar graph. Description: [Show eduGAIN in numbers, tools, CoCo and SIRTFI](#)
- eduGAIN Federations**: Icon of a blue grid. Description: [View your entire federation, it's score and trends](#)
- Warnings and Errors**: Icon of a clipboard with a checklist. Description: [Discover entity errors, warnings and improvements](#)
- Issues Overview**: Icon of a magnifying glass over a bug and bar graph. Description: [Perform automated technical and security audits](#)

At the bottom of the dashboard is a dark blue banner with the text: **Get Your Own Reports - Register for eduGAIN Reporting**
